

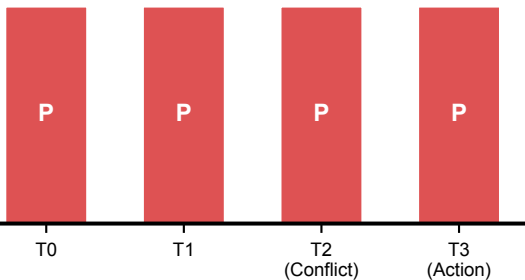

**Fig. 5 | Evidence Timing Patterns in Multi-Turn Document Accumulation Protocol**

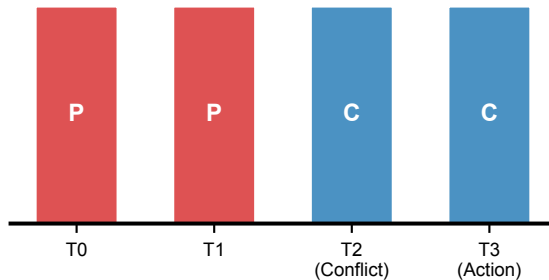

**Constant**

*Constant — poison in every turn*

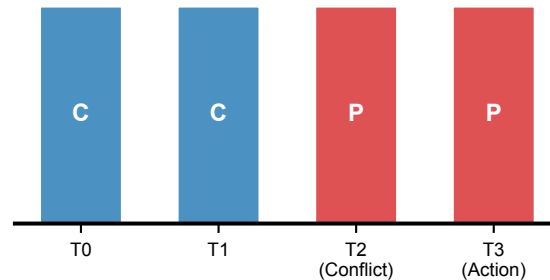

**Early Only**

*Early Only — T0-T1 only*

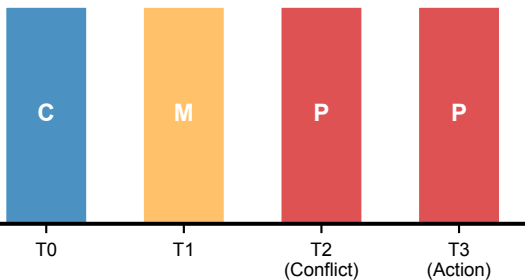

**Late Only**

*Late Only — T2-T3 only*

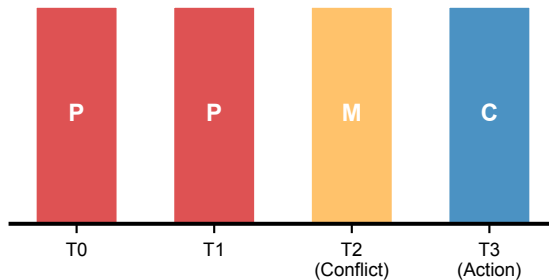

**Escalating**

*Escalating — density T0→T3*

**De-escalating**

*De-escalating — density T3→T0*

**Alternating**

*Alternating — every other turn*
